

**TO:** Parents of GMP Students  
**FROM:** Anne Izydorczak, Administrator  
**RE:** Immunizations

New York State law requires **ALL** students to provide proof of immunization for **Measles** (Rubeola) **twice**, **Rubella** (German Measles) **once**, and **Mumps once**. Regarding **Meningitis**, students must either be vaccinated or have a waiver signed by the parent. Regarding **Tuberculosis**, please read the screening instructions. In most cases, parents can simply complete the screening form.

You may substitute a signed form from your doctor for the immunization form. A parent or guardian still must complete the tuberculosis form and meningitis waiver or immunization. A physical exam is not required.

**Do not return this form to the Student Health Center.**

Please have the Immunization Record completed and return it to:

Gifted Math Program  
University at Buffalo  
436 Baldy Hall  
Buffalo, NY 14260-1000

You can also FAX this form to our office at 645-6841.

If you have any questions, please call the GMP office at 645-4467.
