

GMP IV into V textbook pages cannot be posted here, but are posted on UB Learns in GMP IV section A under Announcements.

Review the chapter "Equations" and complete problems 61-81 and 91-133 odds.

Read the chapter "Partial Fractions" and complete problems 1-41 odds.

Prove these trig identities: p. 578 # 1-59 odds, p. 587 #39-49 odds, p. 606 #31-37 odds. It's easy to find websites, such as the one below, that have lists of textbook identities which you can use in proving the assigned ones.
